Important Information

Explanation of Portfolio Valuation and Transaction Ledger:

These consolidated statements reflect entries relating to accounts, positions and movements of assets and investments held in your accounts with:

- (a) Morgan Stanley Bank Asia Limited, Hong Kong headquarters ("MSBAL-HK" and relevant entries are marked with "MSBAL-HK"),
- (b) Morgan Stanley Bank Asia Limited, Singapore Branch ("MSBAL-SG" and relevant entries are marked with "MSBAL-SG") and
- (c) Morgan Stanley & Co. International plc ("MSIP" and relevant entries do not have any denotation).

Please note that as a general matter, US dollar wire transfers to your account with MSBAL-HK, MSBAL-SG will be recorded in our client reporting systems on the day of receipt, and any related transactions will be reflected in intra-month portfolio statements generated on the following business day (i.e. T + 1 basis). However, where US dollar payment information is received after our systems cut off time on the day of receipt, the record of the payment and related transactions in our client reporting systems will be delayed by one day. In those circumstances, any related transactions will not be reflected in the intra-month portfolio statements until two business days following receipt of such payment information (i.e. T + 2).

Explanation of Cash and Securities Sweep Activity Reports:

Cash for certain currencies and/or securities may be swept automatically between your account with MSBAL-HK or MSBAL-SG (as the case may be) and your account with MSIP from time to time in accordance with the terms of the Customer Agreement. These sweeping activities are reflected in a separate Cash Sweep Activity Report and a separate Securities Sweep Activity Report respectively, copies of which can be provided upon your request.

This statement is issued by Morgan Stanley & Co. International plc ("MSIP"); a company authorized by the Prudential Regulation Authority and regulated by the Financial Conduct Authority ("FCA") and Prudential Regulation Authority (company number 2068222 and FCA registration number 165935, 25 Cabot Square, London E14 4QA, United Kingdom, telephone number 020 74 25 8000, facsimile 020 7425 8990).

This statement indicates, as at the close of business on the relevant date and based on the books and records of MSIP, the aggregate amount (in USD) of your cash held by MSIP has been transferred by MSIP to certain third party banks as Client Money. The figure reported in this statement represents the aggregate of all Client Money balances on your various accounts held with MSIP, other than the Listed Futures and Options account. The Client Money balance for the Listed Futures and Options account may be obtained by referring to the "Net Liquidating Value" figure on the Futures and Options statement issued daily for that account. Both documents constitute your statement of Client Money under the rules of the FCA.

The figure reported in this statement does not include any cash held for you by Morgan Stanley & Co. LLC, MSBAL-HK or MSBAL-SG.

This Portfolio Statement is issued by Morgan Stanley Bank Asia Limited (“MSBAL”), acting through its headquarters or Singapore branch, and Morgan Stanley & Co. International plc (“MSIP”).

If you only hold investments with MSIP

With respect to investments subject to MSIP's custody arrangements and where investments are not held by an entity other than MSIP, this Portfolio Statement constitutes the periodic statement of client assets as required by the rules of the FCA, and shows all cash and positions relating to equities, fixed income and derivatives that MSIP holds on your behalf at the Portfolio Statement date. This Portfolio Statement may also show investments not subject to MSIP custody arrangements.

If you hold investments with MSIP and other Morgan Stanley entities

If you hold investments with both MSIP and another Morgan Stanley entity, such as Morgan Stanley & Co. LLC (“MS&Co”), this Portfolio statement constitutes a consolidated statement of holdings with MSIP and other Morgan Stanley entities. In addition to this consolidated statement, you will receive separate statements in relation to your holdings held with each Morgan Stanley entity (“Official Statements”). With respect to investments subject to MSIP's custody arrangements, the Official Statement from MSIP constitutes the periodic statement of client assets as required by the rules of the FCA.

Certain securities may have been used by MSIP in accordance with the terms of the Customer Agreement (incorporating the Right of Use Authorization and any supplements thereto). Please refer to the daily Security Usage Report for a list of securities being used by MSIP.

Please advise your Investment Representative immediately of any discrepancies in this Portfolio Statement with securities transactions or investment activity in your account.

If your Investment Representative is an employee of MSBAL, incorporated in Hong Kong (company number: 2098511), MSBAL is acting on its own behalf and as introducing broker for the Morgan Stanley companies. MSBAL is a licensed bank in Hong Kong, authorized and regulated by the Hong Kong Monetary Authority and registered with the Securities and Futures Commission (“SFC”) (SFC central entity number BDM672, Morgan Stanley Bank Asia Limited, Level 31, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong, Tel: (852) 2848 8800, Fax: (852) 2848 5257). MSIP is a company authorized by the

United Kingdom's Prudential Regulation Authority (“PRA”) and regulated by the Financial Conduct Authority (“FCA”) and PRA (company number 2068222 and FCA registration number 165935, 25 Cabot Square, London E14 4QA, United Kingdom, Tel: 020 7425 8000, Fax: 020 7425 8990).

If your Investment Representative is an employee of MSBAL, Singapore Branch, (UEN: T14FC0118J), MSBAL, Singapore Branch is acting on its own behalf and as introducing broker for the Morgan Stanley companies. MSBAL, Singapore Branch is a wholesale bank in Singapore and licensed and regulated by the Monetary Authority of Singapore (Morgan Stanley Bank Asia Limited, Singapore Branch, 23 Church Street, #16-01 Capital Square, Singapore 049481, Tel: (65) 6834 6776, Fax: (65) 6517 1186).

MSBAL is not a bank that is authorized by the Australian Prudential Regulation Authority as a deposit-taking institution under the Banking Act 1959 (C'th) of Australia.

MSBAL is not a registered bank, and is not otherwise regulated or supervised, under the Reserve Bank of New Zealand Act 1989.

All transactions in your portfolio are subject to the constitutions, rules, regulations, customs, usages, rulings and interpretations of the pertinent exchanges, markets, self-regulatory organizations and clearing houses.

Where, for your convenience, data on investments not subject to MSIP's or MS&Co's custody arrangements are included in this Portfolio Statement, this will be shown in a segregated account or shown separately on this Portfolio Statement as an unmanaged position. In the latter case, they will not be included in the total market value of your portfolio. Such data has been supplied to Morgan Stanley by a third party and you should refer to that third party for the official record. Such investments are not a safe custody asset for the purposes of the FCA Client Assets sourcebook. In this connection you acknowledge that investments recorded in this section of the report will not represent MSIP's official books and records and your investment will not be independently verified or monitored by MSIP. MSIP accepts no responsibility or liability for any such positions and balances or their inclusion in its reports and reserves the right to reverse or correct any such positions or balances if they are incorrect.

Explanation of Account Types: For each of your investment holdings, this Portfolio Statement specifies an Account Type:

“C” indicates a position in a cash account where the investment is not held

as collateral for securities financing

“D” indicates a position in a collateral account

“G” or “J” indicates a stock loan position

“H” indicates a position held at a third party

“I” indicates a position in an interest account

“M” indicates a position in a margin account where the investment has been used as collateral for securities financing

“S” indicates a position that is held short

“U” indicates an unmanaged position

Explanation of PRR values 1-5, “NA” and “UR”

“PRR” means Product Risk Rating. Please refer to the Suitability Framework document previously sent to you for a more detailed explanation of how we assess the PRR of each product. The PRR of a product is subject to change from time to time as notified to you.

PRR 1 : Investment products are regarded as low risk that are suitable to customer with Conservative to Aggressive risk profile, including but not limited to certificate of deposit or cash equivalent products.

PRR 2 : Investment products are regarded as low-to-medium risk that are suitable to customer with Moderate to Aggressive risk profile, including but not limited to products with principle protection feature or low risk bond.

PRR 3 : Investment products are regarded as medium risk that are suitable to customer with Balanced to Aggressive risk profile, including but not limited to stock, mutual fund, exchange traded fund or non-exotic derivative products.

PRR 4 : Investment products are regarded as medium-to-high risk that are suitable to customer with Enhanced and Aggressive risk profile, including but not limited to high yield bond, high yield bond fund or low market capitalization stock.

PRR 5 : Investment products are regarded as high risk that are suitable to customer with Aggressive risk profile, including but not limited to exotic derivative products, contingent convertible bond or high risk fund.

PRR UR : Unrated investment products, being products that may be transferred into your account from an account held with a third party or products which are not offered by MSBAL and executed on an execution only basis.

PRR NA : Investment products for which a PRR is currently not available.

Valuation Policies: All activity indicated represents trades dates, other

than Interest Rates Swaps, Credit Default Swaps, Swaptions, Rate Cap/Floor Transactions and Fixed Income Range Accrual Swaps (see below). The “Total Cost” column represents the underlying price plus or minus transaction charges. This does not include accrued interest for either purchases or sales. Positions transferred in are valued at the time of delivery. Discounts are not accreted and premiums are not amortized. Trades and positions of any equity swaps that you may have entered into are not reflected in this Portfolio Statement. Only the cashflow from such transactions is represented in this Portfolio Statement.

The month-end valuations of your portfolio are computed using prices from pricing services and other sources that we consider to be generally reliable. These may not reflect the values that can be realized because, for example, (a) dealers quoting prices are not obliged to deal at those prices, (b) prices may change before realization, (c) the prices may relate to standard sizes different from the amount of your holding, (d) commissions and other costs of realization may be payable, (e) the valuation may represent a mid or offered rate whereas realizations will generally be at the prevailing bid price, and (f) the prices available from these services and other sources may not always be up to date - in particular, in the case of illiquid securities, the value may be based on the last reported transaction in those securities, which could have been some considerable time before the valuation date. We do not warrant the accuracy of these sources and are not responsible for any inaccuracies.

The value of stock that has been suspended from trading is reflected herein using the last traded price for a period 30 days from the date of suspension, and thereafter, at “N/A” if the stock remains suspended. In instances where prices of securities are not readily available, “N/A” (Not Available) appears in the “Total Market Value” column, the market value for the security is not computed, and the total equity in your account does not reflect the long or short market value (if any) of those securities.

Foreign exchange rates are from sources that we consider to be reliable but they may not reflect realizable rates. We do not warrant the accuracy of these sources and are not responsible for any inaccuracies. In addition, there may be instances when the reporting currency in this Portfolio Statement differs from the trading currency for a transaction.

Estimated annual dividend, bond interest rate and annual income may be derived from the relevant security issuer or other market recognized sources and will be subject to change. We do not guarantee the accuracy of such information. As the figures are subject to change at any time, they

should not be relied upon for investment or trading decisions.

For OTC equity derivatives with a non-Asian underlying stock, the valuation shown on this Portfolio Statement may not reflect the underlying stock's closing price on the same date as the valuation date, if the transaction has been sourced from a third party institution.

Performance: Except as noted above, this Portfolio Statement shows the performance of your account calculated on the basis of and with reference to the total valuation of all of the investments in your portfolio at the reporting date, compared with the total valuation for the previous reporting period. Account performance is calculated on a time-weighted basis. All realized and unrealized profits and losses are calculated on a marked-to-market basis. Forward foreign exchange contracts are priced at market rates for the appropriate time period and are not included in the sections in this Portfolio Statement entitled “Investment Summary” and “Time Weighted Performance”.

There may be instances where we are not able to obtain accurate valuations of particular investments held on your portfolio as at the Portfolio Statement date, such as where we are relying on a third party to provide us with the valuation of unlisted investments. Consequently, the performance figures reported in these circumstances are shown on a best efforts basis and may be subject to change. The marked-to-market valuations for interest rate swaps and credit default swaps are based on Morgan Stanley's internal models and are not dealing prices.

Fees and Charges: Please refer to the Disclosure Schedule for the monetary and non-monetary benefits received by MSIP and MSBAL in relation to your transactions. A more detailed breakdown will be provided on request, including in respect of transactions where we have acted as principal.

Accounting for Corporate Actions: Where a corporate action brings your portfolio an entitlement to dividends or stock, this Portfolio Statement will take account of the corporate action from the date the corporate action is announced.

An accrued amount will then be shown separately on this Portfolio Statement and such amount will be converted into realized income or additional stock holding at the date when we receive the corresponding amount from the issuer or its nominees. We assume no responsibility for the accrual amounts as they will be based on details supplied to us by third parties.

Any transaction involving an unissued security will be reflected in this

Portfolio Statement under the “Cash Commitments” category in the “Portfolio Valuation” section. When, as, and if the security is issued, the transactions will then appear in the “Transaction Ledger” section of this Portfolio Statement.

Cash Balances: This Portfolio Statement shows the cash balance(s) of your portfolio at the beginning and end of the reporting period and includes balances held on MSIP, MSBAL or (as the case may be) MSBAL, Singapore Branch. You should note that the opening cash balance on this Portfolio Statement may differ from the closing cash balance in the previous Portfolio Statement provided to you. This can occur for a variety of reasons arising from the booking of the transactions. Further details are available on request.

Generally, all cash received by MSIP on your behalf (including here such cash is held by MSIP as sub-custodian for MSBAL or (as the case may be) MSBAL, Singapore Branch) is treated as client money, but for certain transactions, cash transferred by you to MSIP as collateral for your obligations will not be treated as client money. A statement showing the balance of cash held as client money is available on request.

Offshore Renminbi (RMB) Transactions: In the Portfolio Statement, any cash balance expressed to be in Chinese Yuan Renminbi (CNY), or any transaction, instrument or security denominated in CNY or having CNY as the settlement currency, is a reference to offshore CNY, with the exception of: B shares listed on the Shanghai or Shenzhen stock exchanges, RMB-denominated bonds, and Non-Deliverable Forwards, Swaps and Options with CNY as one of the currency pair.

Settlement of RMB-denominated bond transactions may or may not be made in offshore CNY. Refer to Transaction Ledger for settlement currency of such transactions; if the settlement currency is expressed as CNY, this is a reference to offshore CNY. Where CNY is shown as one of the currency pair for a Deliverable FX Forward or Option, this is a reference to offshore CNY. The conversion rate for offshore CNY differs from the conversion rate for CNY.

Offshore CNY means CNY deliverable in Hong Kong (or elsewhere outside the People's Republic of China, as agreed by the parties hereto) unless otherwise specified in the terms and conditions of the relevant transaction. CNY deliverable outside the People's Republic of China is not freely convertible, cannot be freely repatriated into the People's Republic of China and may trade at exchange rates and interest rates different from CNY in the People's Republic of China.

Disclosures [continued]

The People's Republic of China and Hong Kong governments continue to regulate the transfer of CNY outside the People's Republic of China and conversions between CNY and foreign currencies and such regulations are subject to change over time without prior notice.

For shares traded on the Shanghai-Hong Kong Stock Connect Northbound Trading Link or Shenzhen-Hong Kong Connect Northbound Trading Links (“Northbound Shares”): Please note that trading and clearing arrangements of Northbound Shares are subject to the cross border regulatory framework of the regulators in the People's Republic of China and Hong Kong and are subject to change over time. China Securities Depository and Clearing Corporation Limited (“ChinaClear”) will not be a contributor to the Guarantee Fund under the Hong Kong Securities Clearing Company Limited for Northbound Shares trades. Any recourse against ChinaClear will have to be made through legal framework and process.

Foreign Exchange Options: On the maturity of an over-the-counter foreign exchange derivative, the activity list may not distinguish between exercise and expiry. If the derivative has been exercised, the resulting foreign exchange spot or forward foreign exchange trade will appear on this Portfolio Statement with an effective date equal to the maturity date of the over-the-counter foreign exchange derivative contract.

Non-US Listed Options: Upon expiry, the “Transaction Ledger” section in this Portfolio Statement may display an expiry as a cover (at zero cost). On the maturity of a non-US listed option, the transaction listed will not distinguish between exercise and expiry.

OTC Options: Upon expiry or knockout, the “Transaction Ledger” section in this Portfolio Statement may display an expiry or knockout as a sale.

Repurchases: This Portfolio Statement will report interest payable or receivable on each repurchase transaction, but it will not report your repurchase transactions or open positions, if any. Such transactions and positions will be reported to you separately.

Stock Borrowing: This Portfolio Statement will not report your stock borrowing transactions. Such transactions represent your liability to MSIP in relation to borrowed securities under our Customer Documents. Please refer to the original Deal Confirmation Documents for details about such transactions.

Hedge Funds: This portfolio statement will represent holdings to three decimal places. Holdings to more than three decimal places will be rounded accordingly.

Private Equity: This statement is for illustrative purpose only and should not be considered conclusive. You should refer to the statements issued by the relevant fund manager for up-to-date and conclusive figures. Reporting mechanisms may vary between fund managers. Information provided by different managers may not be directly comparable.

For all fixed income and credit [OTC] derivatives except for fixed income bond options: For transactions executed before 19 November 2011, references to “Transaction Date” and “Settlement Date” herein mean the Effective Date for those transactions. For transactions executed after 19 November 2011, references to “Transaction Date” and “Settlement Date” mean the Trade Date (as defined in the trade confirmation) for those transactions. Where the month end falls on a day other than a business day, accruals and mark to market values shall be provided as of the last preceding business day. Market values may only be available as of the current month end, and therefore the information shown may not be the most recent available valuations and accruals (which shall be as of the Price Date (to the extent specified)).

For fixed income bond [OTC] options: Where the month end falls on a day other than a business day, mark to market values shall be provided as of the last preceding business day. Market values may only be available as of the current month end, and therefore the information shown may not be the most recent available valuations and accruals (which shall be as of the Price Date (to the extent specified)).

Commodity Derivatives: Where the month end falls on a day other than a business day, mark to market values shall be provided as of the last preceding business day. Market values may only be available as of the current month end, and therefore the information shown may be the most recent available valuations (which shall be as of the Price Date (to the extent specified)). On the expiration date of an over-the-counter Commodity Option, the activity list will not distinguish between exercise and expiry.

Special Considerations Regarding Structured Products: Structured products are complex products and may be subject to special risks, which may include, but are not limited to, loss of initial investment; issuer credit risk; limited or no appreciation; risks associated with the underlying reference asset(s); no periodic payments; call prior to maturity; early redemption fees or other fees may apply; price volatility resulting from issuer's and/or guarantor's credit quality; lower interest rates and/or yield compared to conventional debt with comparable maturity; unique tax implications; concentration risk of owning the related security; and limited

or no secondary market; conflicts of interest, and limits on participation in appreciation of underlying asset(s). In purchasing any structured product you acknowledge that you understand the risks and potential consequences associated with the purchase of the structured products and that you have consulted with your own legal, regulatory, accounting, tax and other advisors to the extent you believe is appropriate to assist you in understanding and evaluating the risks involved and consequences of purchasing the structured products. For more information about the risks specific to your structured products, you should contact your Investment Representative.

Please promptly advise your Investment Representative of any material change in your financial situation, investment experience or investment objectives, as this is directly relevant to the service that we are able to provide you.

In accordance with your customer documentation executed with us you agree and acknowledge that your safe custody Investments may also be subject to a lien, other security interest or right of set-off in favour of any sub-custodian, depository, nominee or agent in respect of charges relating to their administration and safekeeping. To the extent that any charges that we owe remain unpaid, the third party may be able to recover the amount of the charges owed to it out of your safe custody Investments. This is in addition to any security interest or right of set-off that Morgan Stanley has in relation to your safe custody assets pursuant to your customer documents.
